

Consulting Services

“ CFO’s choose Forpoint Solutions Consulting Services for our depth of knowledge, ability to deliver and true value for service.”

The Forpoint Solutions team has been implementing and supporting Financial, Accounting and Business Management Software solutions for over 15 years.

We specialise in providing Consulting Services and process improvement solutions for Financial Management, BI and Reporting systems, and have an extensive track record of delivering successful projects for our clients.

Whether you are looking for project managers, implementation consultants or training, we have the experience and people to deliver.

“ The Forpoint team, has been providing services to Europcar for over 10 years. This long term business partnership has been successful because they deliver the goods. They are technically brilliant, pro active, easy to work with, great trainers, understand impacts on process flows, and deliver on time and budget”

*Avdyl Kamberi, Finance Director
Europcar Australia and New Zealand*

Consulting Services

Service Packages

Active Administration

Forpoint will provide an active administration service specific to your needs, ensuring the proactive management and complete administration of your financial management system. Maintain focus on your core business and allow us to take care of routine maintenance tasks, user support, system updates and audit controls.

Cloud Consulting

You know that some tasks either don't require a full day to complete or an onsite visit. Forpoint's consultants are accessible online, and can work directly with you on your system via remote connection. Enjoy cost effective and flexible access to your favorite consultant, without the overhead.

Fixed Price Solutions

Our experience has allowed us to define fixed pricing solutions for many typical consulting projects.

These include:

- System Upgrades
- Procurement Implementations
- Asset Register Implementations

We are happy to discuss any project requirement on a fixed price basis.

Our Capabilities

We have extensive skills across the following key functions and areas (and more)

- Financials
- Debtor Management
- Expense Management
- Financial Reporting
- Web Procurement
- Contract and Service Billing
- Professional Services Automation
- Consolidation
- Inter-Company
- Cash Management

"Forpoint Solutions offers us experienced, professional and knowledgeable IT consultants who understand how our business operates and the challenges we face. They offer very competitive rates, are flexible in their approach to dealing with us, respond quickly to service requests and their work is always completed on time and within budget."

Forpoint Solutions is a valued partner of ours and I would have no hesitation in recommending them"

Greg Toniato, Financial Controller
Australian International Hospitality Pty Ltd
